## OLD AGE ASSISTANCE DEPARTMENT

### STATE HOUSE

### MONTPELIER, VERMONT

---

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your Town amounted to \$2,240.50 during the year January 1, 1939 to December 31, 1939. The number of recipients in December 1939 was 11.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds. During recent months it has not been possible to grant assistance to all new applicants who have been found eligible after investigation. The co-operation of overseers in extending temporary aid and supplementary medical services has been very helpful.

The administrative expenses of the department during the year was 3.9%.

The advice and council of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. ARTHUR SIMPSON

Director.
